

FROGS, TOADS & OTHER AMPHIBIANS

Wednesday April 30th

7 - 9pm

Agua Hedionda Lagoon Discovery Center

1580 Cannon Road (corner of Faraday)

Carlsbad, CA 92008

for more information call 760-438-1209 or 760-804-1969

**Learn what you can do to help our amazing but
highly endangered neighbors**

Join us for this informative discussion led by Susan Nowicke, President of the San Diego Herpetological Society, on water quality, urban run-off and the decline of the "canary in a coal mine" species. *Get an up-close look at a few of our local neighbors and learn about the benefits they provide us.*

This event is co-sponsored by Preserve Calavera, the San Diego Herpetological Society and the Agua Hedionda Lagoon Foundation, all of whom are partners in the National Wildlife Federation's Frog Watch 2008 Program.
